This Chrome extension is great for creating screenshots or screenshot videos with annotations like arrows, highlighting or text. Excellent tool if you want to point out specifically what you want viewers to see. Click this box to find out more.

MAY EDITION

My New Favorite Thing:

SGN

"Some Good News" with John Krasinki Catch up on episodes.
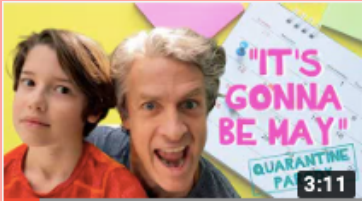

Cool!

video puppet

Turn your PowerPoint presentations into narrated videos for your students to watch.

Google Slides users, don't forget that you can download your slides as PPT files that you could then use in Video Puppet.

### Great Video from the Holderness Family: "It's Gonna Be May"

"IT'S GONNA BE MAY" QUARANTINE PA__ 3:11

Compatible With Google Classroom

PBS LearningMedia

SEARCH PBS LEARNINGMEDIA BY TOPIC, GRADE, OR STANDARD TO FIND A PLETHORA OF RESOURCES YOU MAY NEED FOR VIRTUAL TEACHING! BIT.LY/2XGEVQD
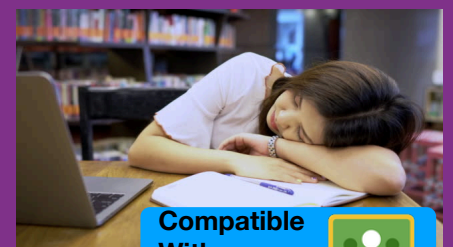

Google Classroom does not have a way to format text. One possible workaround to focus attention on something important is to use Cool Face Text Generator.

This is really important!

Small caps Font	THIS IS REALLY IMPORTANT!
Currency Font	₮ℍƗ₴ Ɨ₴ ⱤɆ₳ⱠⱠ¥ Ɨ₥₱ØⱤ₮₳₦₮!
Double Struck Font	This is really important!
